

Complete Toolkit for 01J Multitronic Without Pully Tool

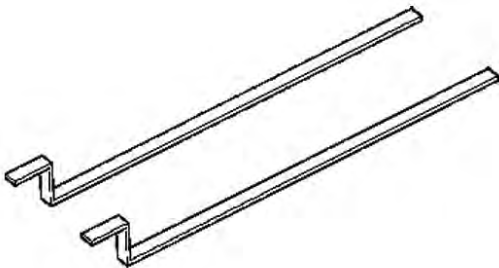

Kit Includes the Following:

- Hydraulic ram assembly
- Pinion shaft nut tool
- Pinion shaft puller
- Drain bung remover tool
- Diff seal assembly tool
- Seal assembly tool
- Input speed sensor puller
- Pinion shaft disassembly tool
- Input shaft assembly tool
- Pinion shaft assembly tool

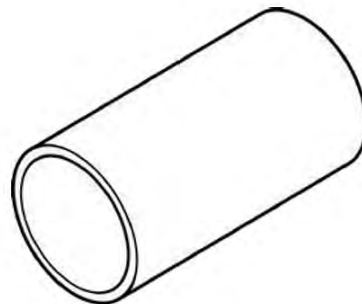

Part No. 01J.TOOL01

Forward Clutch Clearance Feeler Gauge Kit

Part No. 01J.TOOL03

Forward Clutch "Push Down" Tool For Clearance Check

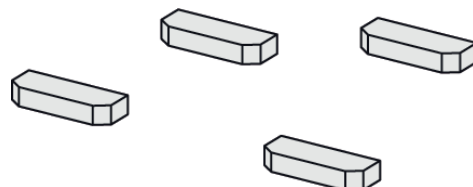

Part No. 01J.TOOL04

Secondary Drum Puller

Part No. 01J.TOOL05

Updated Forward Clutch Clearance Tool

Part No. 01J.TOOL06

Valve Body Parts Stripping Tray

Part No. TOOL.03

Universal Oil Seal Removal Tool

Use with slide hammer

Part No. TOOL.41

Transmission Filling Tool

It is becoming far less common for transmissions to be provided with filler tubes and dipsticks, most recent units have to be filled via a filler / level bung in the sump pan. Finding methods to force fluid into the transmission in this way can be messy and time consuming, this tool has been specifically designed to make the job easier and cleaner. The tool consists of a 10 litre fluid pump and a set of 10 adaptors, the pump and adaptors are also available separately, so if you need to extend the usefulness of the tool by adding extra pumps or adaptors this can easily be done.

Part No. TOOL.201

Accessories for Transmission Filling Tool

Pumps:

Pump Assembly 5ltr
Pump Assembly 10ltr

Part No. TOOL.202

Part No. TOOL.203

Adaptors:

Audi/VW	01M Etc.
Audi/VW	DSG (02E)
Audi/VW	01J (Multitronic)
BMW	CVT
Ford/Jaguar	5R55N/W
Mercedes	722.9
Opel/Vauxhall	4L30E
Opel/Vauxhall/Volvo	AW 6 Speed
Renault	DP0
Renault	DP0-2

Part No. TOOL.205

Part No. TOOL.206

Part No. TOOL.207

Part No. TOOL.208

Part No. TOOL.209

Part No. TOOL.210

Part No. TOOL.211

Part No. TOOL.212

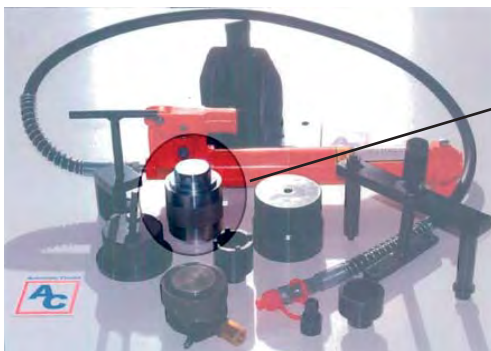

Part No. TOOL.213

Part No. TOOL.214

Differential Seal Assembly Tool (OEM)

Used for removal of the double shaft seal on the drive pinion on multitronic gearbox 01J

Part No. 01J.TOOL18

Drive Shaft Seal Assembly Tool (AM)

Part of 01J.TOOL01, see inset.

Used for assembling the drive shaft seals on the on the multitronic gearbox 01J

Part No. 01J.TOOL10
